By PETER STURBERG

ABOUT the only new development last week at the eighth General Assembly of the U.N. was the call by the Indian delegate, Mr. Krishna Menon, for an informal meeting of the heads of the great Powers — an appeal which has been made here and there, in one form or another, without any success. Apart from the Indian delegate's speech, which was greeted with a somewhat dull and inattentive audience, the session was a rather dull affair. The Indian delegate's speech, which was greeted with a somewhat dull and inattentive audience, the session was a rather dull affair.

Eban Concerned Over Offers Of Arms To Arabs

WASHINGTON, Monday (UPI). — Ambassador Abba Eban yesterday made it clear that Israel was concerned over a recent American offer of military assistance to the Arab States for defense against the danger of Communist aggression. He said that Israel had reason to fear that the arms would be turned against them.

Mr. Eban, speaking before a Convention of the Pioneer Women of America, did not refer to the U.S. but only to "the powers concerned." It is understood that he referred to the U.S. and Britain alike.

Voicing Israel's doubt that the Arabs can be restrained from turning such arms against Israel and hitting at Israel's fear that the U.S. was winking at the Arabs at Israel's expense, Mr. Eban declared:

In Israel, I found public opinion deeply concerned lest the powers be tempted to pursue their own interests by an injudicious allocation of arms to the Arab States at the expense of the region's security and Israel's basic right of survival.

Mr. Eban took the line that the Arab States were not to be trusted to work out the "common good" of the region, and that the Arab States could be relied on by the West as an "adequate" basis for the security of the Middle East until such time as the Arab governments "accept their international duty of living at peace with Israel."

He strongly indicated that Israel does not welcome Western mediation at this stage. He said that it is up to the two sides themselves to work out the "common good" of the region, and that the Arab States could be relied on by the West as an "adequate" basis for the security of the Middle East until such time as the Arab governments "accept their international duty of living at peace with Israel."

Turkey Wins Coveted Security Council Seat

By JESSE KEL LERIE, Jerusalem Post Correspondent

NEW YORK, Monday. — The United Kingdom, the Soviet and several other states, including some Arab ones, made an unsuccessful effort today to return to the London "Gentlemen's Agreement" of 1946 which provides that nominations to the Security Council would be geographical by members of the various regions.

They voted for Poland, an East European representative, but the largest vote for Poland was 23 on the third ballot, while Turkey, with U.S. and Latin American support, just received the required two-thirds majority of 40 votes — on the eighth ballot.

Israel presumably supported Turkey, its only Middle East friend, but the delegation refused to disclose its vote.

Observers noted that the last time that Turkey was elected to the Security Council it represented the Middle East, but the Arab states were not consulted on the nomination and opposed it.

The other two seats to be filled in the Security Council were uncontested, and went to Brazil and New Zealand in the first ballot.

The three nations elected to the Security Council were announced by the U.N. Secretary-General, Dag Hammarskjöld, in a statement today.

They will fill the seats occupied at present by Chile, Greece and Pakistan, whose terms expire at the end of this year.

Cairo Commutes Hady's Sentence

CAIRO, Monday. — The Revolutionary Council announced today that the death sentence passed on Hady, a technician once employed by the British in the Suez Canal Zone, has been commuted to life imprisonment.

Mr. Hady, who was arrested in 1954, was accused of having been involved in the assassination of the late King Farouk.

The Council also announced that the sentence of death passed on the late King Farouk's son, Prince Fawzi, has been commuted to life imprisonment.

Pravda Raps 'Investment' On Farm Coverage

LONDON, Monday (UPI). — "Pravda," the Russian Communist Party paper, today published an attack on "Investment," the Soviet Government paper, for not printing "a single good word" about one of Russia's foremost collective farms.

The "Pravda" dispatch, broadcast by Radio Moscow and monitored here, also criticized the rest of the Soviet press for "treating only superficially" Russia's agricultural program.

The dispatch said that the information published merely contains names of collective farms, but no analysis of the state of affairs. There were no generalizations, no conclusions drawn and no advice given.

Korea Assembly Considers Force To Oust Indians

SEOUL, Monday. — The South Korean Assembly today considered a resolution to expel the Indian troops stationed in the Korean peninsula.

The resolution, introduced by the opposition, stated that the Indian troops were a "violation of the Korean peninsula's sovereignty" and that they should be expelled.

The Assembly also considered a resolution to demand that the Indian troops be withdrawn from the Korean peninsula.

British Warships Sail To Restless Guiana

LONDON, Monday. — Signs mounted today that the British authorities were taking unusual precautions over the latest events in British Guiana, sugar and rum colony, where Communist-influenced local government is stepping up its campaign for independence.

Government departments here refused all comment on developments in the only British colony in the South American mainland, while the Admiralty displayed unusual reticence on the movements of two warships, the cruiser Superb and the frigate Bigsby Bay, which arrived at the West Indies from Bermuda last night and took troops on board.

Colonial Office officials asked their lips when asked why Colonial Secretary Oliver Lyttelton and Sir Sidney Abrahams, a constitutional adviser to the Colonial Office, flew to Georgetown yesterday to hold a Privy Council meeting with Queen Elizabeth. Lord Beaverbrook said that they had gone to obtain the Queen's signature on an order revoking the colony's six-month-old Constitution.

In Georgetown, British Guiana, yesterday, the leftist People's Progressive Party, headed by Premier Cheddi Jagan, an East Indian dentist, and his Chicago-born American wife, Mrs. Jean Rosenberg Jagan, demanded drastic amendments to the colony's Constitution.

Mrs. Jagan said that, backed by thousands of signatures, a "patriotic appeal" her Party proposed urging on Mr. Lyttelton the abolition of the appointed, but elected, Governor's veto, and the withdrawal of the three official members from the House of Assembly.

Lord Beaverbrook said that the British Guiana was given a new Constitution with adult suffrage, a two-chamber legislature, with an increased role for the elected members, and a ministerial system. A month later, the leader of the House, Dr. Jagan, expressed opposition to the new constitution which, he said, suited the will of the people.

Reports from Kingston, Jamaica, said that Britain's plan of action has been known in the Caribbean for some time. The Jagan and his followers make no secret of their ambitions to oust British rule entirely from the colony, which is a potential treasurehouse of vast, unexplored mineral resources.

A month ago, the first big clash developed when the Government ordered sugar mill owners to recognize a new Communist-dominated workers union instead of the one led by moderates.

Injunction Ordered In U.S. Dock Strike

WASHINGTON, Monday (UPI). — A federal court today directed the Justice Department to apply for a Taft-Hartley Act injunction to end the East Coast dockers' strike.

President Eisenhower issued his instructions shortly after receiving a report from a Special Inquiry Board. The Board said the five-day strike was rooted in so many complicated issues that no early peaceful settlement could be expected.

There appeared at least some doubt whether even after the injunction was obtained complete waterfront peace would be restored.

The International Longshoremen's Association, recently removed from the American Federation of Labor for failing to eliminate racketeering elements from its ranks, indicated that it would continue to participate in the strike.

Egypt Claims Israel Forces Leave Auja

CAIRO, Monday (UPI). — Israel forces have begun to withdraw from the demilitarized area at Auja, on the Israeli-Egyptian border, according to reports reaching the Government here today.

Israel maintains there never were military forces in the area.

An "official" Truce Supervision Organization source quoted yesterday by "A.D. Press" Old City daily, claimed the version of the Israeli Army spokesman on the M.A.C. ruling on Auja.

The source reportedly denied that the establishment of a civilian settlement in the area.

General Vagn Ben-Ner, T.S.O. Chief of Staff, reportedly told "A.D. Press" that he expects a special T.S.O. Press Office to arrive shortly from New York. It is over two years since the T.S.O. has had its own Press Office.

On Sunday night, General Ben-Ner was entertained by the Acting Jordanian Delegate to the M.A.C. Major Mohamed Ishak, at the Orient House in the American colony in Jordan-held Jerusalem.

Egypt Claims Israel Forces Leave Auja

On Sunday night, General Ben-Ner was entertained by the Acting Jordanian Delegate to the M.A.C. Major Mohamed Ishak, at the Orient House in the American colony in Jordan-held Jerusalem.

Kashmir Chief Accuses Foreign Powers of 'Plot'

SRINAGAR, Monday (UPI). — Kashmiri Prime Minister Bakshi Ghulam Julluna today accused foreign powers of plotting to divide Kashmir.

He said that the foreign powers were trying to divide Kashmir into two parts, one for India and one for Pakistan.

He also accused the foreign powers of trying to divide Kashmir into two parts, one for India and one for Pakistan.

Belgrade Accuses Three Eastern Neighbors

LONDON, Monday (UPI). — The Yugoslav government today accused three Eastern neighbors of border violations, according to the Yugoslav News Agency.

The Agency reported that an Albanian plane had flown over Yugoslav territory, and that a Hungarian plane had landed in a Yugoslav border zone.

The Agency also reported that a Romanian plane had landed in a Yugoslav border zone.

Communists Say 99,000 PoW's Unaccounted For

LONDON, Monday (UPI). — A joint communique issued by the North Korean and Chinese delegations to the Military Armistice Commission today alleged that 99,000 North Korean and Chinese prisoners were "unaccounted for" by the Americans, according to the New China News Agency.

The communique said that a list of the men had been forwarded to the Americans on September 17, and that the latter claimed that the prisoners had been handed over to the Neutral Repatriation Commission.

The news agency also reported that the Communists have accused the Americans of bringing into Korea dismantled parts of combat aircraft and armored vehicles, and assembling them into complete weapons in violation of the armistice agreement.

It said that the Chinese-North Korean delegation to the Armistice Commission rejected an "absurd American proposal" which would allow combat aircraft and armored vehicles to be brought separately into Korea and to be assembled there.

Liverpool Dockers In Sympathy Strike

LIVERPOOL, Monday (UPI). — About one-fifth of Liverpool's 15,000 dockers went on strike today in support of striking dockers from nearby Birkenhead, where 3,000 men walked out three days ago in protest against the dismissal of one dockerman.

A mass meeting today reaffirmed, with only six votes against, the Liverpool dockers' decision to participate.

Meanwhile 300 inspectors at three aircraft factories of the Hawker Siddeley Aircraft Co., manufacturers of jet fighters for the Royal Air Force, went today to continue their strike for increased wages.

Reservists Taken by Surprise As 'Enemy' Masses for Attack

United Nations, October 5.

LYDDA-BOUND BUS ATTACKED

Jerusalem Post Reporter

A civilian bus travelling southward from Beit Attar to Lydda, was fired upon on Sunday night, it was learned yesterday. There were no casualties. Two bullets hit the vehicle, one penetrating the front tyre and the other piercing the window near the driver's seat. Passengers sought cover in a nearby ditch.

A hand grenade thrown at the bus missed its target.

Yesterday morning, police at the Coastal Plain sub-district discovered 20 Sten gun cartridges and grenade fragments 40 metres from the scene of the attack. Tracks led to Jordan territory.

Three cows and three mules were stolen from Arugot and Gan Yavne settlements respectively, on Sunday night. Tracks led to the Jordan.

The Army spokesman announced yesterday:

A bus was fired on in the vicinity of Nevalat at 7.40 p.m. on Sunday night. At the same time, a grenade was thrown over the vehicle. There were no casualties among the passengers. Tracks led to the Israel-Jordan armistice line.

Reservists Taken by Surprise As 'Enemy' Masses for Attack

Jerusalem Post Military Reporter

TEL AVIV, Monday. — The autumn manoeuvres started in earnest on Saturday night, when many Reserve Officers at home received orders to contact their headquarters.

The order was a surprise to many. A Commander admitted to correspondents who visited several units in the field today.

The subsequent work was so absorbing that he had had no opportunity to inform his employer — the Ministry of Labour — of what had happened. A similar story could be heard from almost every unit.

"I was sure that the Reservists would not be disturbed this year — there were such strong reasons for that effect," one N.C.O. admitted. Of course persons called up by open announcement over the radio or in the newspapers "must" report. He hours ahead that they were going to take part in the manoeuvres, and had time to prepare for their departure. "I have closed my restaurant for the duration and have given my employees leave," a waitress said.

The story behind the call-up was as realistic as possible: reports had been coming in that the enemy over the border was massing for an attack. The enemy troops have been reinforced by a division. The border defences, therefore, had to be ready for an emergency, and speed was of the essence.

From the assembly post, the Reservists today were taken to the field. The Quartermaster had been busy preparing the equipment. The field kitchen was set up this morning, and the units upon arrival could have their meals at regular Army hours.

An hour or two after arrival, the Reservists were full-fledged soldiers. Many of them had previous battle experience in the War of Independence. Others seemed to hesitate over the use of some of the equipment: they had never been in an Army before. Soon they were all marched off to take up positions in the field.

Absence have been very few. The Commanding Officers of the units told correspondents.

Israel Air Force manoeuvres began yesterday, the Army spokesman announced.

One of the objects of the air war games is to test the operational efficiency of the air arm of the Israel Defence Force.

Units taking part have been divided into two sides with the "attackers" already in action, trying to gain air superiority.

Atomic Advance May Lead to Peace

WASHINGTON, Monday. — Some U.S. Government foreign policy experts believe that American possession of atomic weapons is an atomic stalemate which might contribute to the development of more peaceful relations between the U.S. and the Soviet Union.

This idea stems from the estimate that the U.S. and Russia will soon be in a position to do devastating injury to each other, the reports said. At the same time, the experts believe that a diplomatic stalemate is in the making. The combination of an atomic stalemate, if it became an accepted fact in great power politics, and a diplomatic stalemate, might very well freeze indefinitely the present state of relationship, even without any formal East-West agreements.

Two congressmen last night joined the growing chorus of official opinion in the U.S. that America should spend more on security against Atomic and Hydrogen bombs.

Mr. W. Sterling Cole, Republican Chairman of the Joint Congressional Atomic Energy Committee, said that he was ready to surrender the principle of a balanced budget in view of the Soviet Union's development of the Hydrogen bomb.

Democrat Senator Stuart Symington, former Secretary of the Air Force, said "ever-emphatically" that he would support a bill to increase the defense budget.

He called for the establishment of a strong striking force.

Federal Civil Defence Chief Val Peterson, back from a tour of Europe, told reporters today that the U.S. was better prepared in civil defence than any other country in the world.

Idea of Guarantee To USSR Gaining Favour

LONDON, Monday (UPI). — Britain, the U.S. and France have not yet buckled down to co-ordinating their plans for a security guarantee to Russia as the West's price for easing cold war tensions, a Foreign Office spokesman said today.

He stated that thinking on some sort of security guarantee to Russia to reconcile the Soviets to a European Army had been going on for some time. Prime Minister Churchill first launched the idea in a speech to the Commons on May 11.

Similar reports from Washington said that the U.S. was thinking in terms of security guarantees to Russia have received wide public notice here.

Representatives of the U.S., Britain and France will meet here later this week, possibly on Wednesday, to begin drafting the Western reply to the Soviet note last week which, in effect, rejected a meeting of Foreign Ministers on Germany and Austria.

Mr. Anthony Eden returned today after six months of illness and convalescence. This week he is to consult with Minister of State Selwyn Lloyd, Leader of the British delegation to the General Assembly.

Burma Says Formosa 'Dishonest' in Talks

RANGOON, Monday (UPI). — Burma's Defence Minister today said that Formosa was "dishonest" in talks on evacuation of Chinese Nationalist troops from Burma.

He said that the Chinese representatives were trying to prolong the discussions and that they were not sincere.

Mossadegh Gets 5 Days to Name Defence; Public Trial in 2 Weeks

TEHRAN, Monday (UPI). — A military tribunal today sent its official charges against Mohammed Mossadegh to the former Premier and gave him five days to appoint a defence lawyer. A government source said that the 20-page charge sheet was sent to Mossadegh's prison quarters by Tribunal President General Afshari.

The source added that the trial will take place within two weeks and will be public.

General Fathollah Zahedi, the new Premier of Iran, said in a magazine interview published today that "there is no anti-British sentiment in this Government" and that he hopes "very much" that Iran soon will be back to the old market.

"If there is any ill-feeling among our people, it is directed against any form of exploitation by any foreign country," he added.

His remark was made in answer to questions during an interview in Tehran with a correspondent of the U.S. magazine, "News and World Report."

Zahedi assailed Mossadegh's conduct of Iran's affairs, saying it is difficult to describe how

Yankees Make Baseball History

NEW YORK, Monday. — The New York Yankees made baseball history today when they defeated the Brooklyn Dodgers, 4 to 3, to win their fifth consecutive World Series. The sixth game was won in a fabulous fashion that saw the Dodgers score two runs in the ninth inning to tie the game 3 to 3. Then the Yankees put across the winning run in their half with one man out.

Allie Reynolds, who relieved Whitey Ford in the eighth inning, was credited with the win. Robinson, Mize and Lahine pitched for the losers, the last named marked with the loss.

75 Candles On Petah Tikva Cake

PETAH TIKVA, Monday. — Petah Tikva's 75th birthday festivities began tomorrow with a parade of the town's children from 60 to 85 who will go up to Jerusalem where they will visit the graves of the town's founders.

The town's 75th birthday will be celebrated in much by the Mayor.

The town's 75th birthday will be celebrated in much by the Mayor.

Warren Sworn In As Chief Justice

WASHINGTON, Monday (UPI). — Mr. Earl Warren, swearing to "do equal right to the poor and to the rich," became the 14th Chief Justice of the Supreme Court today and then presided over the opening session of the Court's 1954-55 term.

The former Governor of California took the oath in the marble pillared Chamber of the Court in the presence of the President and other dignitaries.

He succeeded the late Chief Justice Fred M. Vinson who died of a heart attack on September 8.

Atomic Advance May Lead to Peace

WASHINGTON, Monday. — Some U.S. Government foreign policy experts believe that American possession of atomic weapons is an atomic stalemate which might contribute to the development of more peaceful relations between the U.S. and the Soviet Union.

This idea stems from the estimate that the U.S. and Russia will soon be in a position to do devastating injury to each other, the reports said. At the same time, the experts believe that a diplomatic stalemate is in the making. The combination of an atomic stalemate, if it became an accepted fact in great power politics, and a diplomatic stalemate, might very well freeze indefinitely the present state of relationship, even without any formal East-West agreements.

FORECAST: Partly cloudy. Light breeze. High 80, low 60.

THE SOCCER match between A.F.C. of Nazareth and Kfar Saba ended in a 2-2 draw at Kfar Saba yesterday. Some 1,500 fans watched the game at the Haneh field.

TWENTY-SIX followers of the Rabbi of Belz returned to the U.S. by a specially chartered Transair plane yesterday, after a stay in Jerusalem.

SIX-YEAR-OLD Tania Tuchina, of Mithras, was admitted to hospital in a serious condition after she was knocked down by a truck on Rehov Herzl in the town yesterday.

TWENTY-TWO-year-old Avraham, of Jaffa, was reportedly shot at the face by Mordechai Haim, 18, following a dispute over a cigarette.

FIFTEEN burglaries were reported on Sunday night in the Tel Aviv District when, among other places, thieves broke into the USIS Library at 30 Rehov Bialik and stole a 1950 Buick Wildcat and a 1950 Buick Wildcat.

ALL THE appearances of a hashish den were allegedly found, including 53 grams of the narcotic weed, in the bed of David Rubach, in Jerusalem's Musrara quarter yesterday. The owner of the flat was arrested.

PETROL BLAST FATAL. Twenty-seven-year-old Meir Schwartz, of Beit Yehon, near Kfar Yehon, was killed today when a petrol tank in the garage of Kibbutz Ma'barot exploded yesterday.

PRIEST DIES AFTER MUTTON MEAL. HAIFA, Monday. — A priest from Haifa village (Upper Galilee) died in Ramat Hashikma last night after he had eaten a meal of mutton in his village. He was Elias Sabah of Haifa, 48.

REJECT NEW MOVEMENT. RAMAT GAN, Monday. — Macabbi Hatzar speakers at the closing meeting of the convention of General Zionists youth movement, held in Ramat Gan, rejected the new world youth movement.

AN explanation given to reporters was that the Macabbi World Congress had recently decided to recognize its own youth movement.

MORE TRADE SEEN WITH BELGIUM. Jerusalem Post Reporter. Belgium, third largest buyer of local citrus, will increase its purchases of other Israeli products providing high quality is maintained and delivery dates are honored. This is the opinion of M. Jean Welbes, Manager of Vitebra, large Belgian citrus export firm, who is now in Israel placing orders. M. Welbes timed his visit to coincide with the Conquest of the Desert exhibition, where Vitebra represents 12 Belgian firms.

IN the first year of trade between the two countries, Israel exported to Belgium 100,000 francs worth of products to Belgium, and imported goods to the value of 600,000 francs. During the first five months of the year, the picture has changed with Israel exporting 54 m. francs and importing 27 m. francs.

MOST of Israel's shipments this year have been of citrus (82.5 m. francs), but successful trade has been made in other markets, including marble, shoes, pencils, men's suits and chewing gum. M. Welbes reports that the quality of these goods has been satisfactory. A trial order of shoes, for example, was put on the Belgian market without the Israel trademark, but the objective reaction could be registered. The shoes sold well.

Belgium has bought 200,000 tons of marble against Israeli competition from Italy, France, and the U.S. and is prepared to spend 2 m. to 3 m. francs on this product in the near future.

Israel has strong competition in Belgium in all markets, but she has a number of advantages, M. Welbes pointed out. For example Belgium has been buying her refrigerators mainly from the U.S. and Britain. For these she has no assurances that this hard money will be re-invested. On the other hand Israel...
